

28th Annual Pumpkin Carver's Event

At Calamus Reservoir State Recreation Area

Join us for the 28th Annual Pumpkin Carver's Event held at Homestead Knolls Campground on Saturday October 17th beginning at 11 am - until we run out of pumpkins.

You can carve a pumpkin and take it home or leave it at the park to be displayed that night for all to see. There is a limited supply of pumpkins; visitors can bring their own to carve. Carving supplies are provided.

There will be pumpkins to be carved, s'mores to be eaten and good times to be had. New this year we are helping the local food bank with "FILL THE CANOE", we ask visitors to bring a non-perishable food item to help fill up the canoe for the local food bank. Also there will be hay rack rides from 12pm-2pm.

Please remember a valid park entry permit is required to enter the park.
